# PINEHURST NURSERIES,

PINEHURST, N. C., U. S. A.

---

Broad-Leaved Evergreens, Ornamental Trees, Shrubs and Vines,

NATIVE WOODY and HERBACEOUS PLANTS  
AND SEEDS.

---

PLA ur stock has been regularly inspected by the North Carolina State Entomologist, who has certified  
SEE that it gave no indication of any species of insects designated as dangerous pests  
by the North Carolina Commission for Controlling Crop Pests,  
and that it was healthy in every respect.

Address all letters, telegrams and telephones to **PINEHURST NURSERIES, PINEHURST, N. C.** Our freight office is Pinehurst. Express will be forwarded from Southern Pines, N. C., from where an electric railroad runs to Pinehurst.

**TERMS:** Cash or satisfactory reference. Remit by express or postoffice money order, registered letter, bank-draft, or check.

**C. O. D. SHIPMENTS** by express made only upon prepayment of one-half the amount of the order. Charges for collection will be added to bill.

**REDUCTIONS:** 5 plants of one kind are sold at 10-rates; 50 at 100-rates; 500 at 1000-rates. Special prices for larger quantities upon application. Packing charged at cost.

For extra strong especially selected specimens higher prices in proportion will be charged.

**SHIPPING DIRECTIONS:** Precise directions as to kind of conveyance (mail, express, freight) and route are desired, or we shall send at our own discretion.

**COLLECTED SHRUBBERY:** We forward strong, well rooted specimens only, the tops of which we generally cut back to save freight, if we are not especially instructed to the contrary. Should collected plants arrive in somewhat dried up condition as a result of long distance shipments or delay in transportation, cover the roots with damp moss and water them repeatedly before planting.

**SHIPMENTS OF SHRUBBERY** are made from October 1st to about April 15th without hardly any interruption. Since spring begins here in some years unusually early and prevents any further digging, we advise to send orders for woody plants as much as possible in fall.

**HERBACEOUS PLANTS:** Quite a number of the perennials offered we have now in nursery rows, while others we shall collect after receipt of orders. Some kinds can be found only when in bloom. Orders on such will be filled in due season. Purchaser will in every case be notified immediately after receipt of order of time of shipment.

**SEEDS:** We warrant all our seeds fresh of last crop and take every precaution to have them perfectly true to name, but we give *no* warranty, express or implied, as to name, description, or any other matter, of any seeds we send out. If the purchaser does not accept the seeds on these terms he must return them at once and the money which has been paid us for them will be refunded.

C. D. BENBOW,

RESIDENT MANAGER FOR JAMES W. TUFTS, OF BOSTON, MASS.

Pinehurst, N. C., September 1st, 1898.

OTTO KATZENSTEIN,

SUPERINTENDENT OF NURSERIES.

## JUST A FEW WORDS.

---

We desire to give expression to our sincerest thanks for the ready response which the offer of our plants and seeds has had during the past season. It has encouraged us to increase our capacities for prompt handling of orders and to enlarge our stock considerably by adding many interesting new species to our collections. We will just mention here that for instance the *Fothergilla alnifolia*, which had disappeared so long from American and most foreign nursery lists, has been found again by us in sufficient quantities to enable us to offer plants and seed of it at very moderate rates. A perusal of the following pages will show a number of equally valuable additions not only of woody but also herbaceous plants. Quite a number of the latter are gems of the highest merit in every way, but have hardly ever before found their way into nursery lists. Our *Pinchurst Violet* has even surpassed our fondest anticipations by the way it has been taken up. We cannot indeed say too much in praise of this splendid all-around valuable plant, very large quantities of which have been sent out. Our large stock of this violet looks as healthy and thrifty as possible.

In response to many inquiries we wish to emphasize here also that the majority of the plants offered by us will prove hardy and well adapted to Northern and European gardens. We shall, however, always be glad to assist in the selection of suitable collections for any given location.

We wish to thank again our patrons for past favors and solicit trial orders from all others which will always have our promptest and most careful attention.

## WOODY PLANTS.

E, Evergreen. D, Deciduous.  $\frac{1}{2}$ E, Nearly Evergreen. t, tree. s, shrub. v, trailer or vine.

Col., collected plants. S, Seedling plants. C, In Cutting bed. All others are heavy nursery grown. Collected plants can be furnished in larger sizes than quoted at proportionate prices.

## FRUIT DEPARTMENT.

NAME.	Size.	Price of Plants.			
		Each	10	100	1000
<b>GRAPEVINES</b> —Delaware, Moore's Diamond, Moore's					
Early, Niagara, Catawba -----	3 yrs. old	\$0 10	\$0 25	\$2 00	\$18 00
We wish to discontinue the propagation of grapevines. Our stock of about 20,000 vines is in grand condition and a rare bargain at above prices.					
<b>CORDONS</b> —Single and double arm-----					
	3-5 ft.		2 50		
<b>APPLES:</b> —(on Paradise) Alexander, Baldwin, Chenango, Early Harvest, Gravenstein, Jonathan, Northern Spy, Primate, Sweet Bough, Tompkins King, Wagener, Wealthy.					
<b>PEARS:</b> —(on Quince) Angouleme, Anjou, Bartlett, Clapp's Favorite, Easter Beurre, Hardy Giffard, Howell, Josephine of Malines, Lawrence, Louise Bonne of Jersey, Superfin.					

These peculiarly trained dwarf fruit trees, of which we have to offer about one hundred, are especially adapted to private places where they surely will be a permanent source of interest, pleasure and profit. Year in year out they will repay diligent care by sure crops of fruits of extra large size and of a very superior quality. The main trunk of our about three year old plants is bent 18 inch above ground in "T" shape or with a few with one arm. Our trees are covered with fruit-branchlets and are ready to bear next year. We are ready to give any desired cultural directions.

To enable our patrons to make their selections more readily, we have compiled the following lists, which we trust will be found of good use. For prices look up names in their respective places in alphabetical list.

## I. SHADE TREES.

*Acer rubrum*  
" *saccharinum*  
*Albizia julibrissin*  
*Diospyros virginiana*  
*Fagus ferruginea*  
*Liquidambar styraciflua*

*Liriodendron tulipifera*  
*Magnolia acuminata*  
" *grandiflora*  
" *tripetala*  
*Melia azederach*

*Melia umbraculifera*  
*Nyssa sylvatica*  
*Platanus occidentalis*  
*Prunus caroliniana*  
*Quercus alba*

*Quercus laurifolia*  
" *darlington*  
" *monticola*  
*Sophora japonica*  
*Tilia americana*

## II. CONIFERS.

*Cedrus atlantica*  
" *deodara*  
*Cephalotaxus fortunei*  
*Chamaecyparis thuyoides*

*Cryptomeria japonica*  
*Cupressus fastigiata*  
" *lawsoniana*  
*Juniperus virginiana*

*Pinus australis*  
" *excelsa*  
" *laricio corsica*

*Pinus mitis*  
" *taeda*  
*Taxodium distichum*

## III. HEDGE PLANTS.

*Berberis thunbergii*  
" *vulgaris*  
*Buxus sempervirens*  
*Chamaecyparis thuyoides*  
*Cliftonia ligustrina*

*Cupressus lawsoniana*  
*Cydonia japonica*  
*Euonymus japonica*  
*Gardenia florida*  
*Ilex dahoon*

*Ilex glabra*  
" *opaca*  
*Ligustrum chinense nanum*  
" *ovalifolium*

*Limonia trifoliata*  
*Maclura aurantiaca*  
*Prunus caroliniana*  
*Spiraea thunbergii*

## IV. GROUND-COVERING PLANTS.

*Cotoneaster microphylla*  
*Euonymus radicans* var  
*Gelsemium sempervirens*  
*Hedera helix*

*Hypericum calycinum*  
" *moserianum*  
*Lonicera halleana*  
*Rosa rugosa*

*Rosa wichuraiana*  
*Rubus hispidus*  
*Santolina chamaecyparissus*  
*Vaccinium crassifolium*

*Vinca major*  
" *minor*  
*Yucca filamentosa*  
PINEHURST VIOLET

## V. EVERGREEN CLIMBERS.

$\frac{1}{2}$ E *Akebia quinata*  
*Gelsemium sempervirens*  
*Hedra helix*

*Lonicera brach. halleana*  
" *fol. aureo reticulatis*

*Lonicera sinensis*  
*Rosa bracteata*

*Rosa laevigata*  
*Smilax laurifolia*

## VI. DECIDUOUS CLIMBERS.

*Ampelopsis quinquefolia*  
*Bignonia capreolata*

*Bignonia radicans*  
 $\frac{1}{2}$ E *Rosa wichuraiana*

ROSES: *Crimson Rambler*  
*Yellow Rambler*  
*Prairie Gem, &c.*

*Smilax walteri*

## VII. DECIDUOUS TREES AND SHRUBS OF EVERGREEN ASPECT.

*Euonymus americana*  
*Genista all.*

*Jasminum nudiflorum*

*Limonia trifoliata*

*Sophora japonica*
